

Consent for Email and/or Text Message Communication

Email and text messaging allows Love and Warden Eye Care health care providers to exchange information efficiently for the benefit of our patients. At the same time, we recognize that email and text messaging are not a completely secure means of communication because these messages can be addressed to the wrong person or accessed improperly while in storage or during transmission.

Our office currently sends you email and/or text messages regarding appointments and glasses/contact lens orders. Please complete the requested information below. You are not required to authorize the use of email and/or text messaging and a decision not to sign this authorization will not affect your health care in any way. If you prefer not to authorize the use of email and/or text messaging we will continue to use the telephone to communicate with you but please notify a staff member so we may provide you with the appropriate form to sign.

Email address and/or text messaging number to which your provider may send YOU your health information (please print)
